CHALLENGES and OPPORTUNITIES

- Since 2014, when ICSPU, "entered" Erasmus Mundus, it was a blast, not a challenge, organizing mobilities;
- The main problems were related to non-correspondence of the study programmes and subjects, but they are easily solved at faculty level as soon as the administration is ready to be flexible;
- At the beginning, it was challenging for students to manage the filling in of the Learning Agreement, but the IRO is always open to help them with all the details.
- The challenging pandemic was rather fruitful for ICSPU: we entered it with 2 students performing their mobilities at "Lucian Blaga" University of Sibiu; this was followed by the first internship/practice mobility at UAIC during the academic year 2020-2021, 2 prolonged Master mobilities for the second semester of the AY 2020-2021 at Free University of Berlin, 3 incoming training mobilities from "Vasile Goldis" West University of Arad, and 6 incoming staff mobilities which are to be performed during the month of July (5 from FU Berlin, 1 from Intercollege of Nicosia).
